# Trailer Roof Sealing Solutions

We have you covered with a complete line of trailer roof sealing products. Our full spectrum of solutions, from high-performance tapes to strong value-based liquids, offers you production ease, excellent adhesion, high flexibility, and an aesthetically-pleasing finished roof with resistance to UV and weathering decomposition.

## **ETERNABOND**

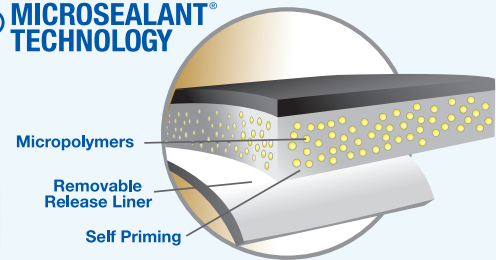

### 100% Solids Advance MicroSealant® Adhesive Tape

Eternabond tape creates an air-tight waterproof barrier that remains flexible to -57°C (-70°F), making it virtually impossible to thermally shock the seam.

- Clean finish
- No additional sealing required
- No mess
- No shrinkage
- Easy to use
- Excellent UV resistance

### **MICROSEALANT TECHNOLOGY**

## **Silaprene**

### SILAPRENE SOLIDSEAL® SL

#### Self-Leveling Polyurethane Sealant

SolidSeal SL is an elastic one-component, self-leveling adhesive sealant with good adhesion to primed and painted metals, aluminum, steel, wood, and many plastics.

- 100% solids
- VOC compliant
- Moisture curing
- Good weathering and UV resistance
- No shrinkage

## **Silaprene**

### SILAPRENE® ALL-WEATHER SEALANT

#### Solvent-Based Self-Leveling Sealant

Silaprene All-Weather Sealant is a workhorse solvent-based EPDM rubber material that can adhere to difficult substrates and cut through many surface contaminants.

- HAPS free
- Fast skin-over
- High solids
- EPDM-based
- Less shrinkage
